UFORCE
SERIES

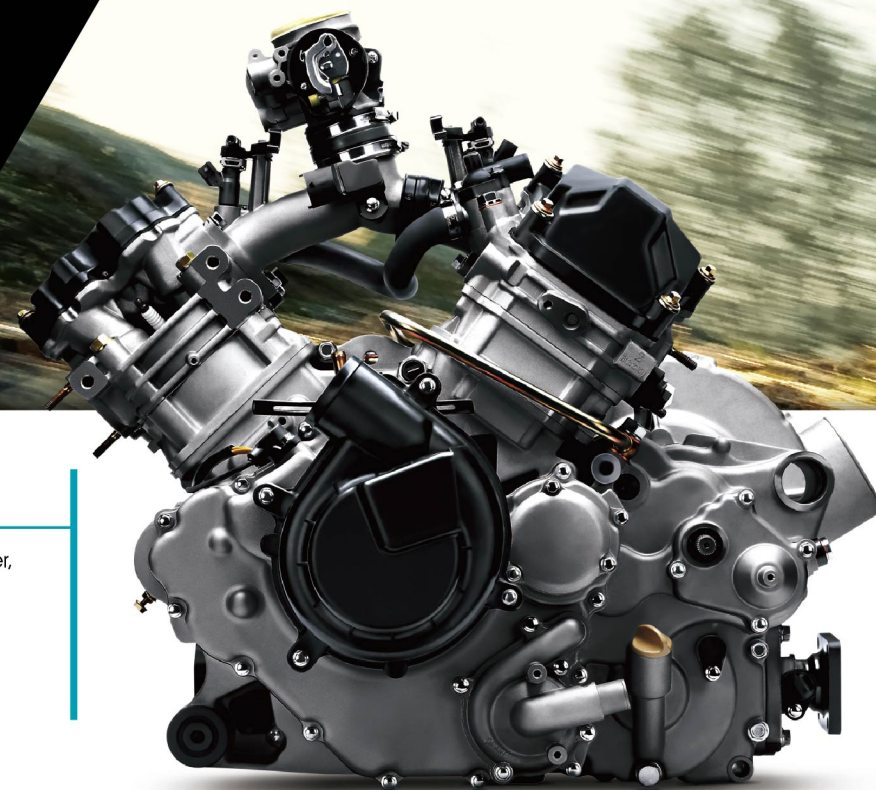

Uforce 800

Uforce 800 has all the power and maneuverability to tackle any size project anywhere. As CFMOTO vehicle family utility member, it will always come with the essentials: exceptional performance, high-precision handling and maximum riding pleasure with optimum user value. Go ahead and pick out your Uforce 800. Lead the charge. It won't be long before you, and everybody else, realizes you made a smart move.

THE RELIABLE WORK MACHINE

ENGINE

Looking to get there quicker? Uforce 800's new 800cc liquid-cooled V-Twin 8-valve engine offers 63 horsepower, for outstanding acceleration that can take you from 0 to 60km in just 3.38 seconds and hitting speeds of 105 kilometers per hour. With 46mm (1.8 in) Delphi throttle body, twin Delphi fuel injectors that supply efficient fuel delivery into the combustion chamber for powerful, yet precise performance, and thanks to the Delphi electronic fuel injection system, it's still incredibly fuel-efficient.

KEY FEATURES

SEATS AND TILT STEERING

Adjustable tilt steering, besides providing maximum security and convenience, ergonomically designed seats even have an adjusting range of 144mm (5.67 in) for extra comfort, the removable setup means you can always have comfortable seating, whether you're in the cab or sitting around the campfire.

WINCH AND OTHER DETAILS

Remote-control winch lets you easily get out of even the toughest situation. You can also control the look of your machine with awesome optional details like a windscreen, roof, side nets or bumpers and available in four stunning colors.

DUMP BOX

Tilt-assist dump box with payload capacity of 230kg (507 lb), and 26-litre fuel tank capacity let you haul even more tough stuff farther. Rugged bed rails are included in the Uforce 800 package that adds more tie-down points for cargo carrying.

COCKPIT

Uforce 800 features more comfort cockpit and state-of-the-art instrumentation including analog tachometer and speedometer, and a digital information center, which you can easy-to-reach controls when riding even in the toughest terrain.

SUSPENSION

The Uforce 800 is built to work. With independent front and rear suspensions that offer you a suspension travel of front 113 mm (4.45 in) and rear 112 mm (4.4 in), it's comfortable and it gets your heavy duty jobs done. Hydraulic shocks make for less vibration, even in the toughest road conditions.

11-in. OF GROUND CLEARANCE

For maximum performance in challenging terrain, the Uforce 800 has total 280 mm (11 in) of ground clearance and 650 mm (25.6 in) of fording depth, which can tackle brutal conditions and cover all kinds of ground – wet or dry.

SAFETY

The Uforce 800 is one of the safest utility vehicles in the industry, thanks to features like a 3-point safety seat belt with warning system, steel front bumper, and front and rear hydraulic brakes. Its electronically-controlled gear shift unit is simple to use to ensure maximum security of both driver and passenger.

TYRES

14-in CST lightweight radial tires offer a smoother ride, predictable cornering and optimum climbing confidence. Cast-aluminum wheels with lightweight design give an aggressive and premium look to the Uforce 800.

DIFFERENTIAL LOCK

A double push-button controller on command diff-lock gives you the options easily and quickly of two-wheel drive, four-wheel drive or all-wheel differential lock for you needs more traction.
